A 5-part breakdown

SWIPE ►►►

0101 / 05

| THE FERGIE RULE.

His best midfielders never tackled you to death. Scholes and Carrick ran games with body shape, not tackles. *Brains over brawn.*

0202 / 05

| THE DATA MATCH.

Fernandes: 39 games, ~9 goal contributions from deep. His carries echo 2008 Carrick. *He turns out of pressure, not back.*

0303 / 05

| THE RESET.

Out goes the chaos of Casemiro and Ugarte.
In comes a strict double pivot. *Fergie's
symmetry, restored.*

0404 / 05

| THE PAIRING.

1999 and 2008: one controller, one carrier.
Éderson controls. Fernandes carries. *A
straight copy-paste.*

0505 / 05

| THE OVERLAP, IN NUMBERS.

Carrick's 07/08 progressive passing and Fernandes' press-resistance line up almost exactly in zone 14. *Same engine, new name.*
