CARDS THAT RUINED FRIENDSHIPS.

*If you played FIFA Ultimate Team, you

A 5-part breakdown

0101 / 05

| YOU REMEMBER THE FEELING.

The pause before kick-off. The squad reveal.
And then you saw the card you'd been
dreading. *Some FUT cards weren't good.*
They were unfair.

0202 / 05

| IBARBO. FIFA 14.

Pace and strength that broke the game's logic. He didn't dribble past you — he ran *through* you. An entire meta was built around one Colombian winger.

0303 / 05

| EL SHAARAWY. FIFA 13.

The hair. The left foot. The cut inside that every single opponent knew was coming and still couldn't stop. *Cheap, rapid, ruthless.*

0404 / 05

| DOUMBIA. FIFA 15.

An 82-rated gold that played like a 95. The price spiked, the market broke, and every Division 1 squad had him up top. *The cheat code's cheat code.*

0505 / 05

| THE TRAUMA XI. COMING SOON.

This is the first wave. The full eleven — every position, every era of broken — drops on @thearchv_ca. *Save this so you don't miss it, and tag the mate who used them all.*
